Inspired Living

SMART AI PLUS

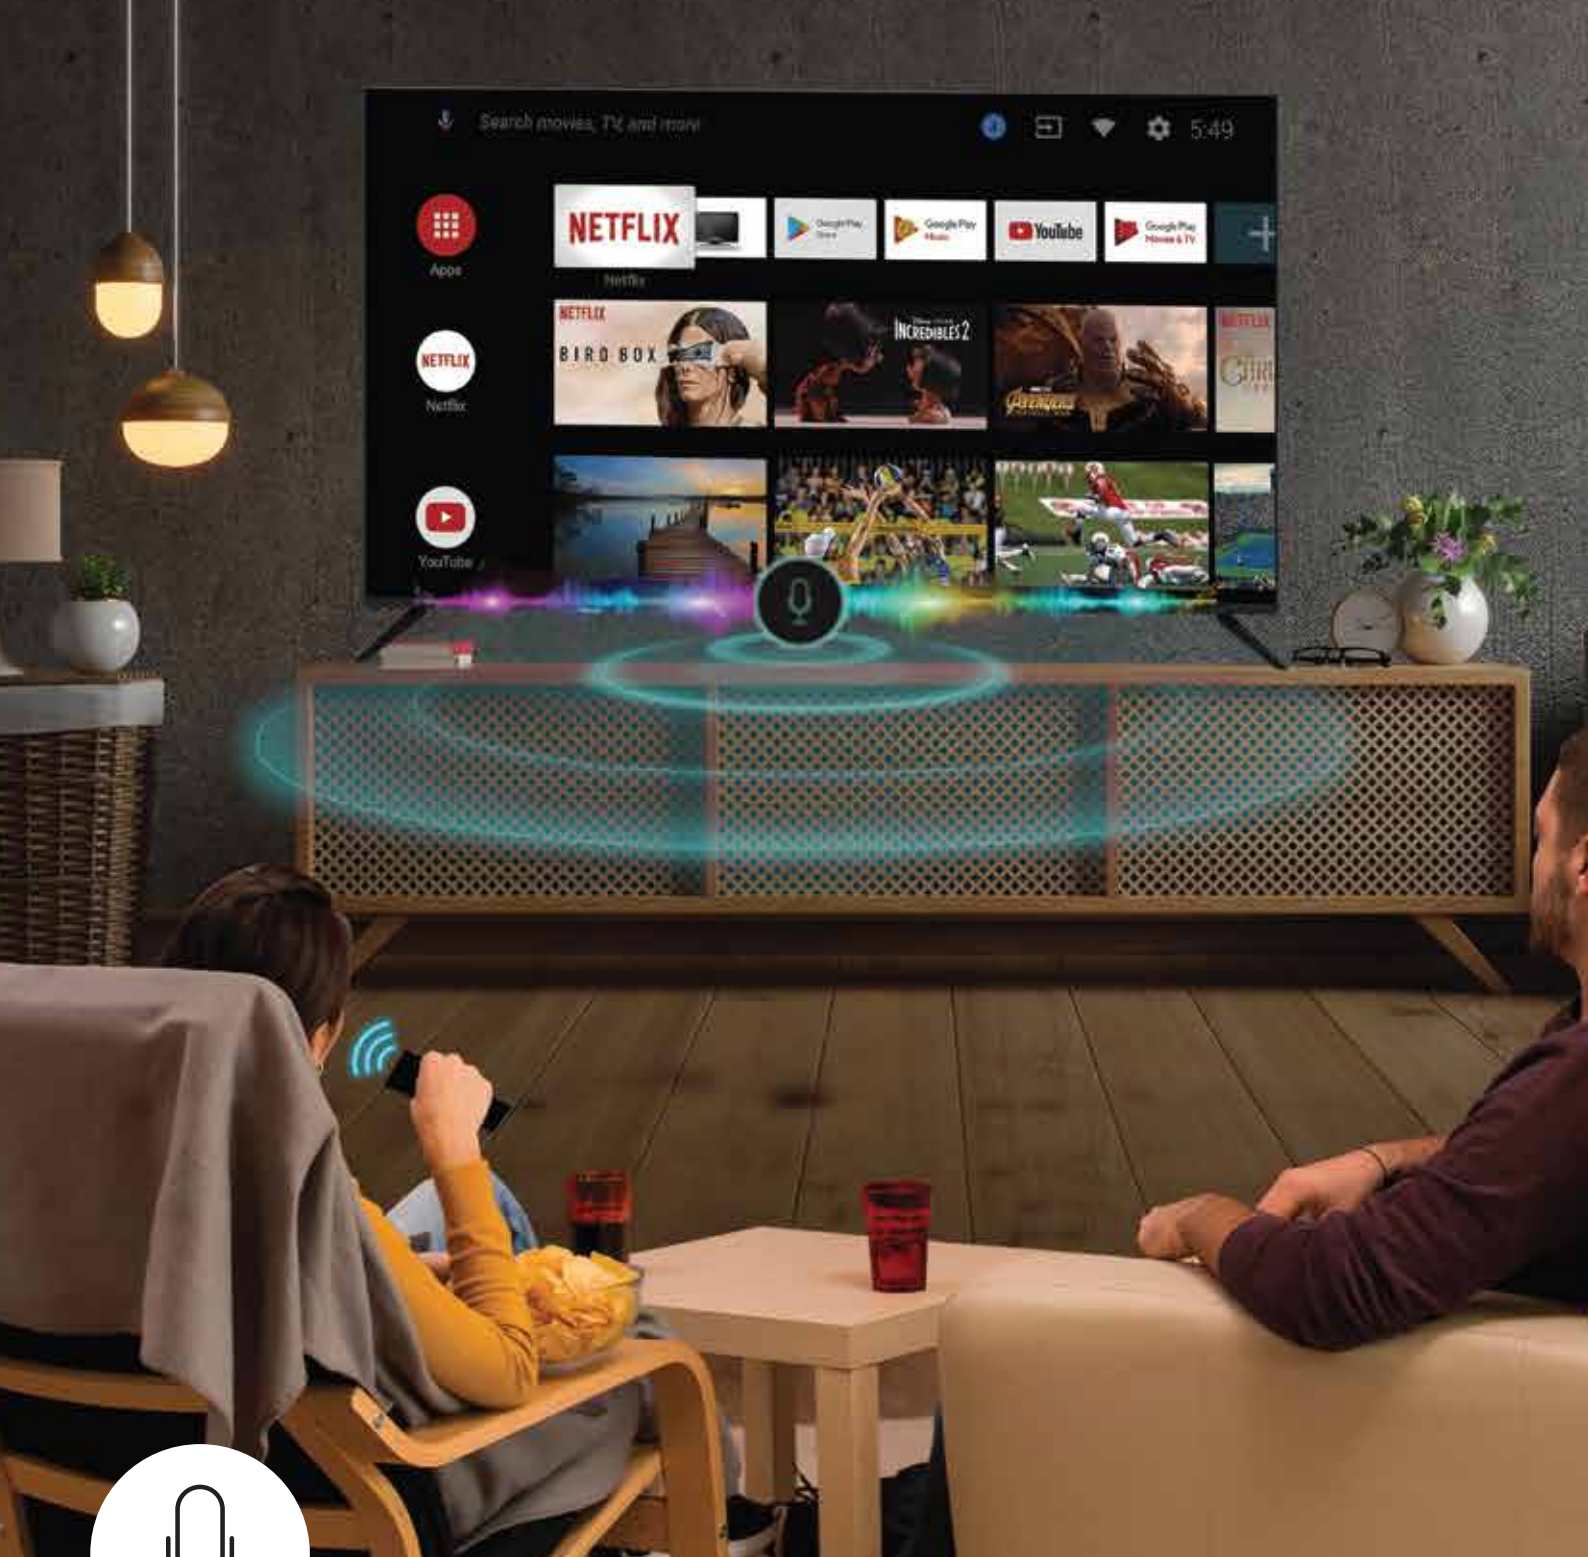

androidtv

Witness the future of artificial intelligence

Evolution of technology paves the way for a better tomorrow. And with each passing day it's getting closer to us humans and our lives.

The latest Haier Android TV is not an entertainment device. Its AI-backed technology offers a wide range of features that are bound to make your lives easier and your homes clever.

**Say the word
and take the
charge**

Voice Control

Now make your home play by your rules.

The new Haier TV comes with the Voice Control feature. Coupled with the Google Assistant and IoT, This TV not only listens to you but helps you multitask with ease. Now access the world of entertainment, browse through the daily news or simply turn on your lights, just by giving a command to your Voice Control Remote.

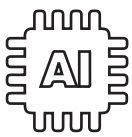

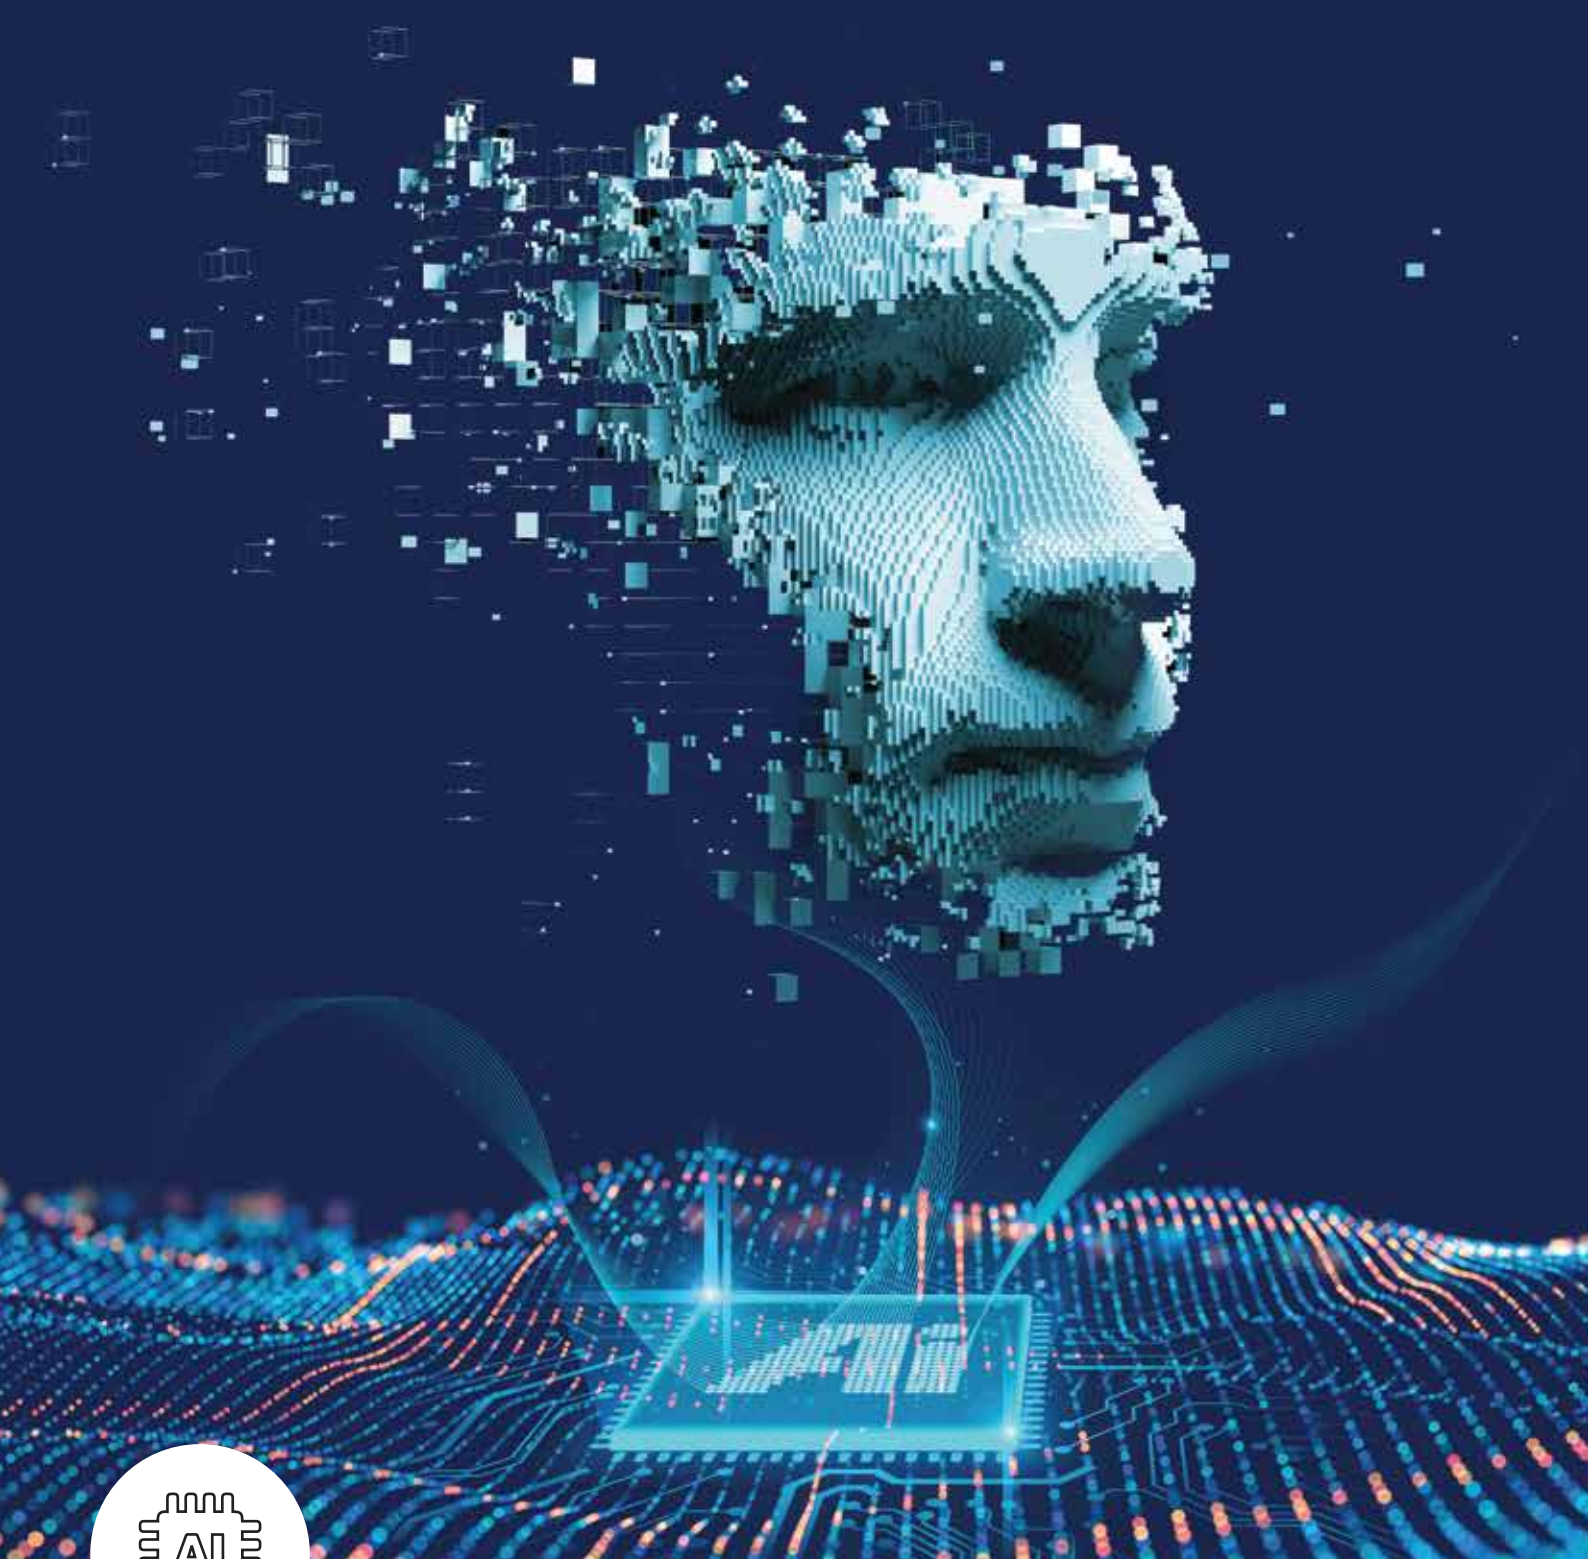

Smart Voice by Google Assistant

Bluetooth

Bluetooth Voice Control Remote

Technology that gets your vibe

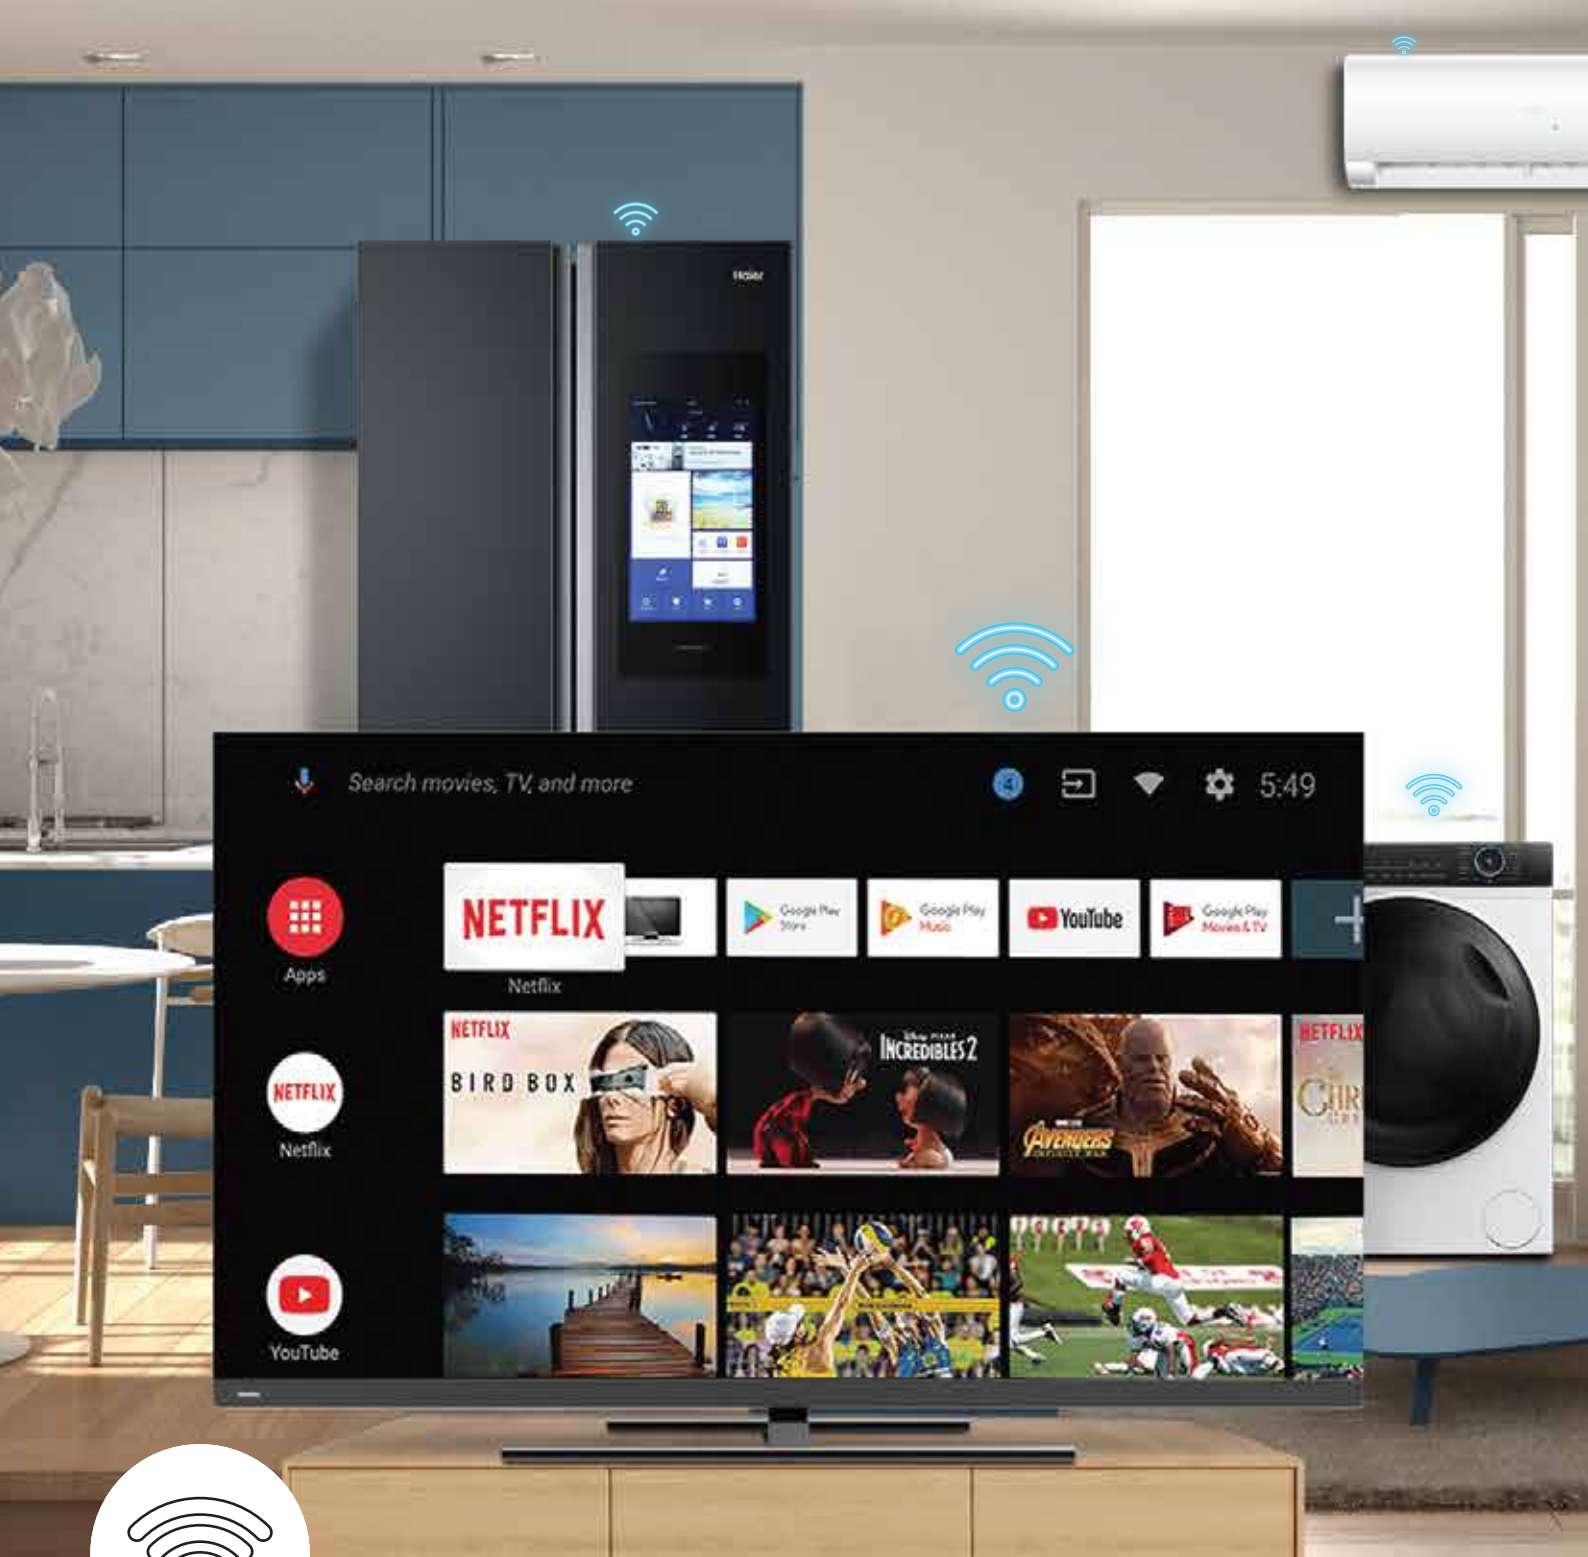

Smart AI

Leave the thinking to you TV.

The new Haier Android TV is so intuitive, it's like it has a mind of its own. It's a technological marvel that understands your needs. And keeps working in the background to give you helpful suggestions at the press of a button.

AI Smart Voice by Google Assistant

At the heart of your smart home

IoT

Bring home the master of home automation.

The Internet of Things (IoT) feature enables you to control your smart home appliances directly from the new Haier Android TV. Now ask your TV to wash the clothes, dim the lights and change the room temperature.

**Get used to
the future**

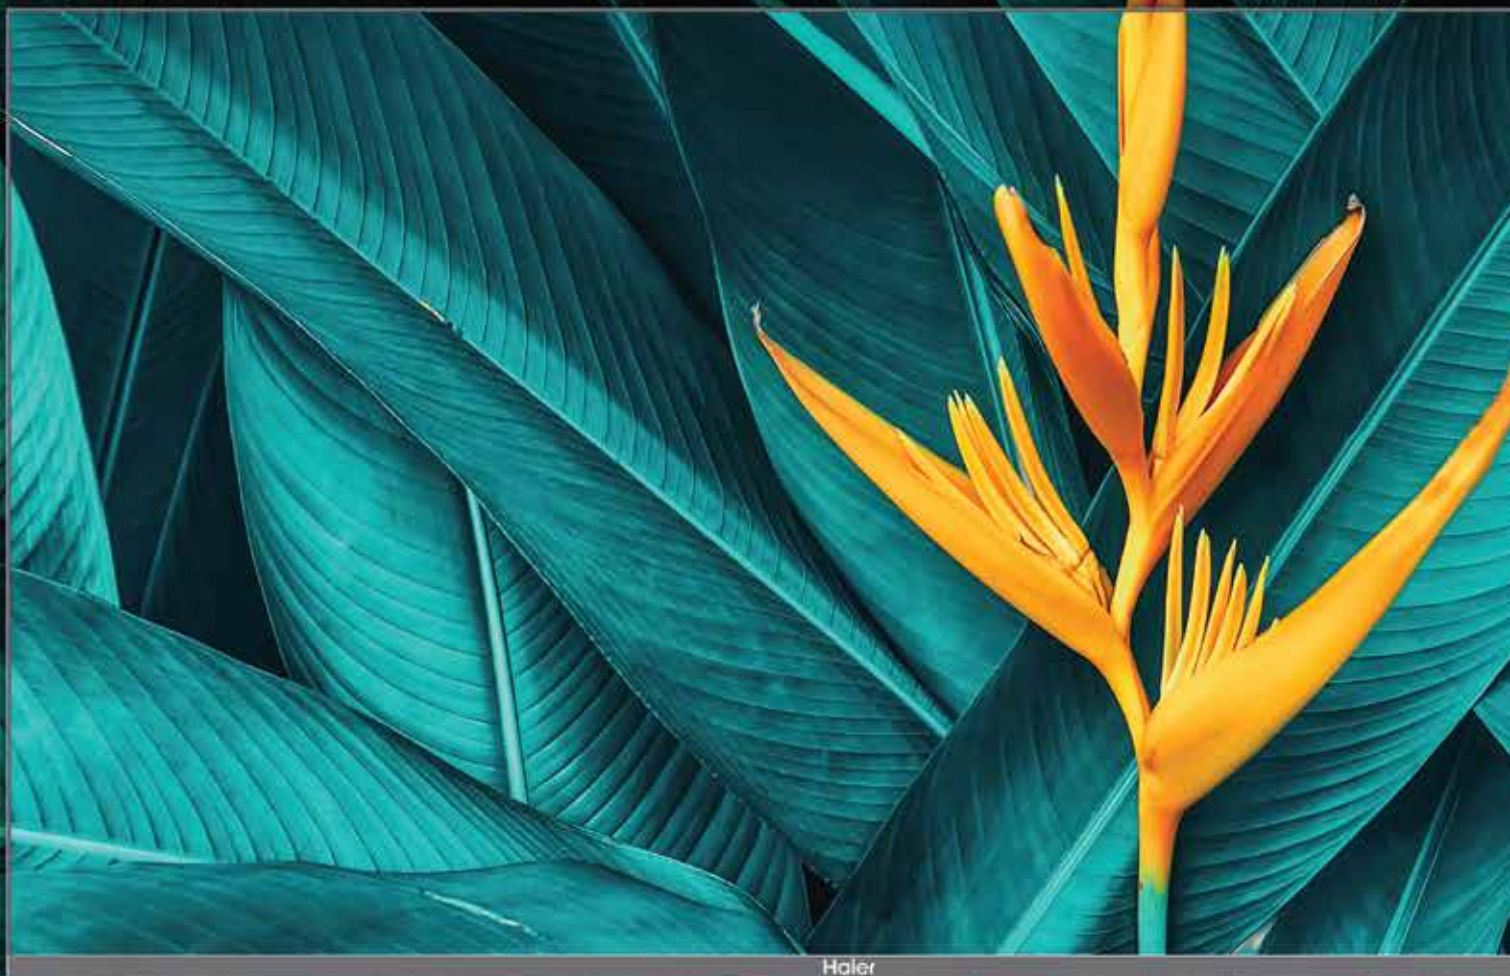

Android 9.0

When it comes to technology, stay ahead of the curve.

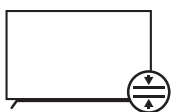

The new Haier Android TV, powered by Android 9.0, is tech that's fresh out of the oven. It brings with it a crash-proof stability and the security of being future-proof.

Google Certified Android 9.0

**There's always
more to see**

Bezel Less

Don't let borders constrain you.

The bezel-less display of the new Haier Android TV looks so elegant, it's bound to grab eyeballs. Enjoy its picture quality and get immersed in a hyper-realistic viewing experience.

Bezel Less Super Slim Design

HOT KEYS

**Get
transported
instatntly**

One touch Netflix and Youtube

One touch to binge them all.

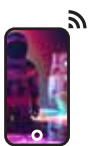

The new Haier Android TV caters to the content-hungry. Its one touch Netflix and Youtube buttons instantly take the users to the respective platforms. Now get the world of content right at your fingertips.

NETFLIX

One touch Netflix remote

YouTube

One touch YouTube remote

Phone to tv in a jiffy

Built in Chromecast

Its time to look beyond phone screens.

The built-in Chromecast feature lets you share your favourite content from your phone to your TV screen. Now switching from your favourite album to your favourite game is just a matter of seconds, on the new Haier Android TV.

Chromecast built-in

A new era of connectivity

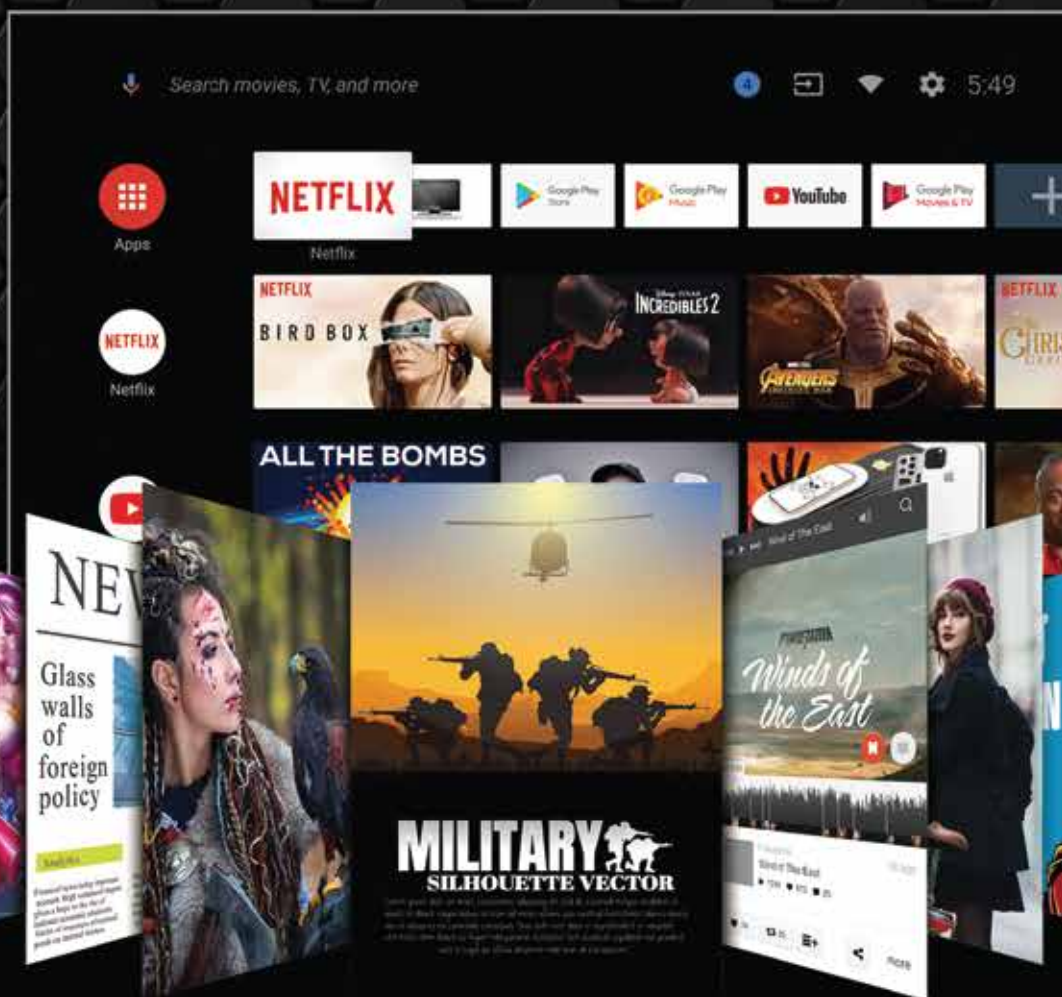

Bluetooth 5.0

Get used to pushing boundaries.

The new Haier Android TV has taken a huge leap when it comes to connectivity, with Bluetooth 5.0. Its broader range and better efficiency lets you enjoy faster and stronger connection with the least energy expenditure.

Bluetooth 5.0

Unlock A World Of Apps

Access to all Playstore apps

Spoil yourself with choices.

Apps can be easily called life hacks, considering how easy they make our daily life. The new Haier Android TV gives you access to 5000+ apps on Google Playstore. Order from your favourite restaurant or play your favourite game from the comfort of your couch.

Google Play

Drop the remote

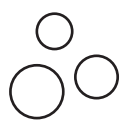

Remote app on phone

Now you can turn on your TV even if you misplace your remote.

The new Haier Android TV comes with a remote app which converts your smartphone into TV remote. Giving you the independence of controlling your TV without a conventional remote.

Android TV Remote Control

**See the world
in true colours**

Wide colour Gamut

Don't miss out on the minute details of life.

The new Haier Android TV comes with the Wide Colour Gamut (WCG) which is a colour space developed by Adobe Systems. It provides a wide range of colours that adds life to the picture.

WCG Wide Colour Gamut

Be in the middle of action

Dolby Audio

Good listeners deserve the best sound.

Audio plays the most important part in a movie viewing experience. The Dolby Audio present in the new Haier Android TV analyses the sound signals and distributes them accordingly to different outputs of a 7.1 CH system. This enhances the quality of the sound and gives a real surround effect.
